

Annual Conference of the British Association for
Cardiovascular Prevention and Rehabilitation

BACPR 35th Annual conference 2026

Reshaping the Future of Cardiovascular Prevention and Rehabilitation

Thursday 8 – Friday 9 October 2026
Eastside Rooms, Birmingham, UK

Conference Themes

This two-day conference will provide the most up-to-date evidence and practice across the core components of cardiovascular prevention and rehabilitation, plus an excellent opportunity to network in person with colleagues who work in this field.

- ✓ The Future of Cardiovascular Rehabilitation: From Prevention to Impact
- ✓ Prevention Across the Pathway: Reducing Cardiovascular Risk at Scale
- ✓ Cardiometabolic Risk Optimisation
- ✓ Tackling Health Inequalities
- ✓ Future-Ready Cardiovascular Rehabilitation: Digital, Data and AI
- ✓ Optimising Clinical Outcomes: Therapy, Psychology and the Patient Voice
- ✓ The Next Decade: Building a Sustainable Cardiovascular Prevention and Rehabilitation Workforce

Is this for me?

The 35th BACPR annual conference attracts 270+ attendees from the various professions involved in cardiovascular prevention and rehabilitation including programme leads, cardiologists, cardiac specialist nurses, physiotherapists, dietitians, pharmacists, psychologists, occupational therapists and exercise professionals.
